

Helping your Charity to Fundraise with the Vhi Women's Mini Marathon

Our FREE group registration system for your charity provides:

- 1 STREAMLINED ADMINISTRATION:**
Easy setup & management of your group with recorded demo guides and a dedicated admin dashboard.
- 2 FLEXIBLE TICKETING OPTIONS:**
Choose to offer regular tickets or discounted entries, or non-refundable pre-paid tickets.
- 3 EASY PAYMENT PROCESS:**
Easy bank transfer payment for charities for any prepaid / discount tickets (processing fee replaced with reduced admin fee), with flexibility to top-up places. Secure payment process for individual participants through normal entry process.
- 4 CHARITY BRANDING:**
You have the option of branding the templated email invite that can be sent directly from your dashboard to encourage sign ups. Alternatively, sign ups can be directed via your group link in your own communications. The link will bring invitees to your branded dashboard where they can sign up now as part of your group. Either way once they register via your group link, you will see who is signed up via the group leader dashboard so fundraising efforts can be capitalised upon.
- 5 INCREASED FUNDRAISING OPPORTUNITIES:**
Participants can opt to fundraise through GivenGain by selecting from a list of charities provided during their entry. Doing so ensures their fundraising page is automatically set up for them. A simple process with GivenGain can see your charity listed too if it is not there already. However, if you have a preferred fundraising platform you can encourage participants to sign up there instead.
- 6 PEACE OF MIND:**
Once invited, participants manage their own entry details, reducing your administrative efforts and freeing you to concentrate on fundraising.
